Ignored

Matrix Auto Email Deactivated for Rachel Green-Emails Ignored, Search Name: [subject]

Jack Black,

Your prospect Auto Email notification for Rachel Green has automatically been deactivated because this client has not visited any of the emailed links within the past 80 days. You may reactivate the Auto Email notification for this client if you wish. You can do this in Matrix by Clicking on My Matrix -> Auto E-mails -> Click the Down arrow next to the expired Auto Email and click Settings. Scroll down to the Settings Section and change the status from Disabled to Enable. Click Save to save these changes.

If you believe this Auto Email notification was deactivated in error, please contact Answerline support at 866-776-0661.

Best regards,

Corelogic Matrix

Initial Ignored Warning

Matrix Auto Email Deactivation Warning for Rachel Green

This is to notify you that Rachel Green has not viewed the Auto Email [ToString({subject})] during the last 90 days. In an effort to reduce the occurrence of major email providers from blacklisting emails sent from Matrix, the MLS disables such inactive Auto Emails after 180 days.

As part of the effort to improve overall email deliverability, if you would like this Auto Email account to remain active, please contact Rachel Green and advise them they should visit their Portal for [ToString({subject})] to keep the Auto Email active.

Invalid

Matrix Auto Email Deactivated for Rachel Green-Invalid Email, Search Name: [subject]

Jack Black,

Your prospect Auto Email notification for Rachel Green has automatically been deactivated because the system was unable to send emails on your behalf. The most likely cause is that one or more recipients have unsubscribed from all auto emails from you or from the MLS. If you need help, please contact Answerlinx support at 866-776-0661.

Regards,

Corelogic Matrix

New

Your MLS "Portal" is ready for you

Dear Rachel

Here is a brief introduction about how we'll search properties that best suit your needs. Your MLS "Portal" is a single access point for MLS® listing information.

Within your MLS "Portal", you will be able to sort, categorize and view listings I've found for you, as well as leave me a message what you liked and didn't like about each one. New and updated listings will be highlighted in YELLOW to help you quickly identify new matches. For additional Portal Tutorials and Guides, visit [Client Portal help](#)

Get started today, click on the link below to begin the search for your new property

Search Failing

Matrix Auto Email Deactivated for Rachel Green-Persistent errors, Search Name: [subject]

Jack Black,

Your prospect Auto Email notification for Rachel Green has automatically been deactivated because of persistent errors while trying to process the search. The most likely cause is search criteria that is too complex. Please go to your Saved Search under the "My Matrix" tab to revise your search and re-activate Auto Email. If needed, you can set up more than one search for a single client. If you need help, please contact Answerlinx support at 866-776-0661.

Best regards,

Corelogic Matrix

Welcome Email Ignored

Matrix Auto Email Deactivated for Rachel Green - Welcome Email Ignored

Jack Black,

Your Matrix auto email "[subject]" for Rachel Green has automatically been deactivated because this client never clicked on the link in the initial Welcome email within the allotted 30 day window.

Welcome Email Ignored Warning

Contact Rachel Green has not activated: [subject]

Jack Black,

This is a courtesy notice that Rachel Green has not activated your Auto Email notification [ToString({subject})]. To ensure delivery, take the following steps:

1. Have your client check their spam folder for email from the domain, matrixemailer.com. You may also want to have your client add *.matrixemailer.com to their safe sender list to avoid Matrix emails being caught in spam.
2. Resend the Auto Email notification: Go to My Matrix>Auto Email> click the dropdown arrow next to the Auto Email>select "Resend Welcome" from the toolbar.

Final Ignored Warning
